Thanks Wenona! If you can add in the new tasks in the TD and send to Sheila, that would be great. I've attached the latest version.  
Let me know if I can assist with the project when I return on Nov 25.  
Thanks,

---

If it's all right with Debra, I can add in the new piece tomorrow and send it to Sheila?

Greetings All,

A revised technical directive is needed before we can move forward. Debra out on work travel until November 25 so are we waiting for her return for the revised document? Please advise.

Thank you,

Hello Wenona and Sheila,

This is good news!

I'm in the office today and tomorrow, then out on work travel until Nov 25. I'm not sure it makes sense for me to be the point of contact for organizing, unless that coordination can wait until the week of Nov 25.

I don't want to hold up the project, and I know we need to keep our momentum.  
Please let me know your thoughts.

Thank you,

---

**Subject:** Warms Springs would like to move forward with the TASC work

Hi Debra and Sheila, I had a meeting with the Tribe's CEO, Michele Stacona, last Friday. She confirmed the Tribe will make its financial staff available to get the work done related to cost of water provision. She would also like any remaining money to go toward sharing the determined costs with the community.

She would like to move forward with a kick-off meeting.

Invitees from the Tribe are:

Michele Stacona, CEO

Travis Wells, General Manager, Branch of Public Utilities

Alfred Estimo, Director of Finance

Dennis, Treasury Controller (Sorry I missed his last name)

Others

Myself

Jason Carman, RCAC

We may want to have a pre-meet with Jason, to see how much information he has and to further scope out the work before meeting with the tribe.

I am out of the office most of this week and my ability to organize a meeting is limited. How do you want to move forward?

Wenona Wilson
